HOW TO CHOOSE THE RIGHT GENERAL CONTRACTOR

Ask anyone who has been through a custom build or remodeling project and they will attest, it's never a completely smooth process. Execution of the project is always subject to unexpected shipment delays, last minute product discontinuations, weather, and unforeseen structural problems changing or detouring the original project.

Working with the right general contractor with the expertise and experience to deal with these issues is vital. At RVM, we know that choosing a general contractor can be a stressful experience, which is why we put together this handy guide. Use it for a construction experience that won't leave you frustrated.
