SUMMER TIPS FOR YOUR HOME

- Raise your thermostat to 78 degrees
- When you are away from home for more than 8 hours, raise the thermostat setting and you can expect to see a 1% savings for each degree of setback
- Keep shades closed when the a/c is on
- Install ceiling fans
- Make sure ceiling fans are blowing down
- Run appliances with large energy use late in the evening
- Use cold water to wash dishes and clothes
- Unplug equipment not in use
- Turn off lights

What one of our many happy clients says:

"My family would like to thank you very much for a job well done. The new addition looks great! It was nice not having to worry about every person who came and worked on our home. The craftsmanship was superb in all aspects of the construction and your crew was very friendly and polite."
